

Physical Education

Jacob Barrios

Submitted by Kathleen O'Connor

A young man with a drive to be an accomplished athletic trainer. He can't get enough or give enough to learning all that is required. Jacob found his calling in high school but when he arrived on campus during the Covid shutdown he was present and supporting our department at each possible opportunity. Jacob goes above and beyond in the classroom and has helped tutor his peers. Jacob's a bright young man with an amazing future ahead of him. He is willing to help anyone in need. Jacob is counted on by so many in our department. We thank you for your time, effort and drive to diversify the profession of athletic trainers. Never back down Jacob, you are a gem.

Jacob's Words of Gratitude

I would like to thank the entire PE department for helping me achieve my goal to transfer to California State University Northridge where I will be getting my bachelors degree in kinesiology then work toward my masters in athletic training. I want to thank the head athletic trainers: Susan Houlihan-Davis, Joseph Farias, and all my other colleagues.
