

# How to Add Funds to Your Campus Card on Your Android Device Using the Transact eAccounts Mobile App

Before you can start using the **Transact eAccounts** mobile app to add funds to your Campus Card, you must add a saved payment method to your account within your “[My.SBCC Portal](#).” Instructions for how to add a payment method can be found [HERE on the How to Add a Payment Method Instruction Page](#). Once you have saved a payment method, follow the steps below to add money to your account.

1. **Search** for the “**Transact eAccounts**” **mobile app** in the Google Play Store and **install** the Transact eAccounts app.

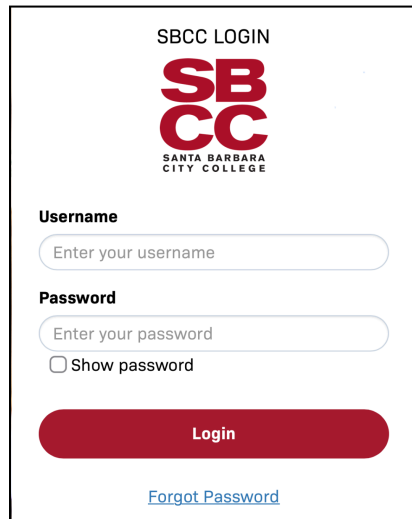

2. **Open** the **Transact eAccounts app** and swipe through any screens, and click on “**Get Started**.” You will then see the screen that asks you to add your institution. Add your institution by typing **Santa Barbara City College** in the **search bar**, and then **select “Santa Barbara City College”**.

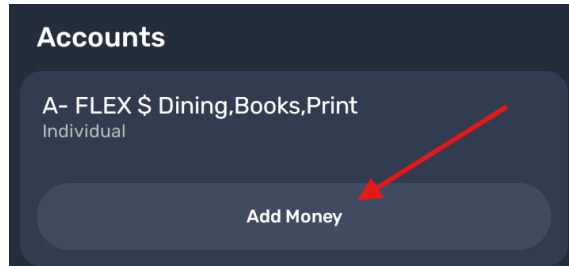

3. **Select** the **PG SSO** Service Portal.

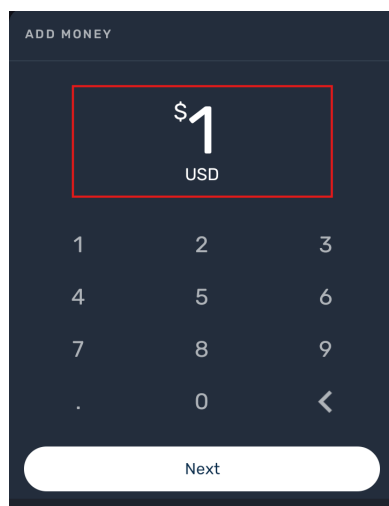

4. Click on **“Continue to Sign In”** and **sign in** with your My.SBCC Portal email address and password. If you set up two factor authentication, you may need to confirm your identity with your two-factor authentication.

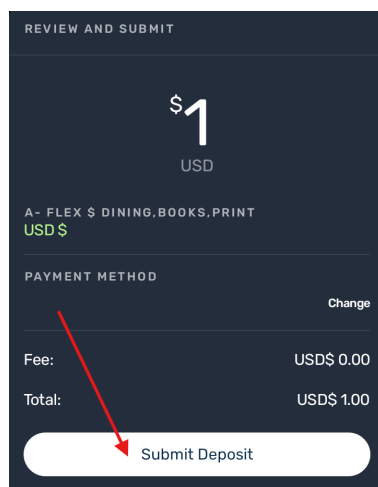

5. Continue through any other screens if they appear. When you see the **“Accounts”** screen, select **“Add Money”**.

6. **Enter the amount that you would like to add.** It can be as little as \$1.00, then click on “Next.”

7. If your payment method is correct, select “Submit Deposit”

8. You're done! You have now added funds to your Campus Card and should **see your new balance**. You will also receive a **confirmation notification in your email** from SBCC eAccounts Service Portal.
